

# Year 6 Newsletter

February 2025

We have been busy with tests, in particular the practice EDEXCEL exams. We will continue to sit these exams during the next month as well as continuing to take our unit tests. Please remember to register for the EDEXCEL exams with the BES. The deadline is in a few days!

In our English lessons we will complete the unit and then move on to the next unit, where we will read plays and work on writing a short recount, editing our work, and trying to answer literal and inference questions. We will also revise tenses.

In Maths we are starting the second book and so we will go back to subtracting, multiplying and dividing by multiples of 10, and multiplying and dividing fractions and decimals.

In Science we will move on to reversible and irreversible changes.

In Geography we will be looking into weather and climate.

In History we will continue learning about Libya and the people who have shaped this country.

Remember that being on time is a sign of respect towards others. Please make sure your child is in school **before 8.00**. Latecomers disturb the class, and tests will not be repeated.

Please remember that the school will be closed for the half-term holiday from 14<sup>th</sup> – 17<sup>th</sup> February.

As always, if you have any questions or concerns, please feel free to contact Ms Omeash and make an appointment.
